DR. TALMAGE PREACHES ON "CHRIST THE CONQUEROR."

The United Soldier Went Forth to Do Battle Against Sin With the World Armed Against Him—How the Victor Treated the Conquered.

BROOKLYN, March 4.—From the startling figure of the text chosen by Rev. Dr. Talmage in his sermon in the Brooklyn Tabernacle today, the preacher brought out the radical truth of the Christian religion. It was sacramental day in the Tabernacle. The subject of the sermon was "Christ the Conqueror," the text being Isaiah 11:1, "Who is this that cometh from Edom, with dyed garments from Bozrah—this that is glorious in his apparel, traveling in the greatness of his strength?"

Edom and Bozrah having been the scene of fierce battle, when those words are used here or in any other part of the Bible, they are figures of speech setting forth scenes of severe conflict. As now we often use the word Waterloo to designate a decisive contest of any kind, so the words Bozrah and Edom in this case are figures of speech descriptive of some of the great slaughters. Whatever else the prophet may have meant to describe, he most certainly meant to depict the Lord Jesus Christ, saying, "Who is this that cometh from Edom, with dyed garments from Bozrah, traveling in the greatness of his strength?"

When a general is about to go out to the wars, a flag and a sword are publicly presented to him, and the maiden bring flowers, and the young men lead the cannon, and the train starts amid a buzz that drowns the cheering of the people. The soldier of Christ, when he goes forth to do battle, is met in a similar manner. He is met by the angels of heaven, and the saints of the earth, and the train starts amid a buzz that drowns the cheering of the people.

When a general is about to go out to the wars, a flag and a sword are publicly presented to him, and the maiden bring flowers, and the young men lead the cannon, and the train starts amid a buzz that drowns the cheering of the people.

I bury, nine die of 'overwork' for others. Some sudden disease finds them with no power of resistance, and they are gone. Life is a long and weary journey. As it is to be a long and weary journey, the more we must be prepared for it. We must be prepared for it. We must be prepared for it.

The tide of battle turns. Jesus hath overcome. Let the people stand apart and make a line that he may pass down from Calvary to Jerusalem, and thence on and out all around the world. The battle is fought. The victory is achieved. The triumphal march is begun. Hark to the hoofs of the warrior's steed and the tramping of a great multitude, for he has many friends. The hero of earth and heaven advances. Cheer cheer! "Who is this that cometh from Edom, with dyed garments from Bozrah, traveling in the greatness of his strength?"

We behold here a new revelation of a blessed and startling fact. People talk of Christ as though he were going to do something grand for us after awhile. He has done it. People talk as though 10 or 20 years from now, in the closing hours of our life, or in some terrible pass of life, Jesus will help us. He has done the work already. He did it 1,875 years ago. For might as well talk of Washington as though he were going to achieve our national independence in 1920 as to speak of Christ as though he were going to achieve our salvation in the future. He did it in the year of our Lord 1,875 years ago—on the field of Bozrah, the captain of our salvation fighting unto death for your and my emancipation.

All we have to do is to accept that fact in our hearts, and we are free for this world, and we are free for the world to come. But let us not accept Christ come through here today, "traveling in the greatness of his strength," not to tell you that he is going to fight for you some battle in the future, but to tell you that the battle is already fought and the victory already won.

You have noticed that when soldiers come home from the wars they carry on their flags the names of the battlefields where they were distinguished. The Englishman coming back has on his banner Inkerman and Balaklava, the Frenchman, Farnas and Eylau, the German, Metz and Sedan. And Christ has on the banner he carries as conqueror the names of 10,000 battlefields here for you and for me. He rides past all our homes of bereavement, by the door-bell swayed in sorrow, by the warlike black with wreath, by the dismantled fortress of our strength.

Come out and greet him today. O ye people! See the names of all the battle passes on his flag. Ye who are poor, read on this ensign the story of Christ's hardships and struggles. Ye who are persecuted, read here of the ruffians who chased him from his first breath to his last. Mighty to soothe your troubles, mighty to balm your calamities, mighty to tread down your foes, traveling in the greatness of his strength. He has done the work already. He did it 1,875 years ago. For might as well talk of Washington as though he were going to achieve our national independence in 1920 as to speak of Christ as though he were going to achieve our salvation in the future. He did it in the year of our Lord 1,875 years ago—on the field of Bozrah, the captain of our salvation fighting unto death for your and my emancipation.

How Jesus treats his captives. You know that when Augustus and Constantine and Trajan and Titus came back from the wars, what a time there was. You know they came on horseback, in chariots, and there were trophies before, and there were captives behind, and there were people shouting on all sides, and there were garlands flung from the window, and over the highway a triumphal arch was sprung. The solid masses of the captives, the Rimsini and Romans still their admiration for these heroes. And shall we let our conqueror go without lifting any acclamation? Have we not flowers red enough to depict the carnage, white enough to celebrate the victory, fragrant enough to breathe the joy? These captives whom I just spoke of, dragged their victims in the chariot wheels, but Christ our Lord takes those who once were captives and invites them into his chariot to ride, while he puts around the arm of his strength, saying, "I have loved them well. I have released them, and the waters shall not drown it, and the fire shall not burn it, and eternity shall not exhaust it."

Wild Plunge of Horse and Man. Mr. Richard Sutherland of Anderson county had an experience Sunday afternoon that he will not soon forget. He was approaching the bridge at Bond's mill, in that county, when the horse which he was riding took fright and leaped over an embankment 90 feet high into the river. As the horse went over he turned a complete somersault, throwing the rider headlong into the river. The wonder is that both man and horse were not instantly killed. Mr. Sutherland received some severe bruises, especially about the lower limbs, but his injuries are not of a serious nature. The horse came out without a scratch. Louisville Courier-Journal.

Who hath not owned with rapture-smitten frame The power of grace, the magic of a name? Asks Campbell, the poet, in his "Pleasure of Hope." Pleasures of Hope, foresooth. Many and many a woman knows them no longer. They are in despair about their health. They are run-down, debilitated, suffering from what they know not. It may be dyspepsia, heart disease, liver or kidney disease; any or all of them. The sicknesses of women are cured by Dr. Pierce's Favorite Prescription. That's where the magic of a name comes in. This improves digestion, invigorates the system, enriches the blood, dispels aches and pains, produces refreshing sleep, dispels nervousness and melancholy, and builds up both the flesh and strength of those reduced below a healthy standard. It is a legitimate medicine, not a beverage. Contains no alcohol to inebriate; no sugar or syrup to sour in the stomach and cause distress. It is as peculiar in its composition as it is marvelous in its remedial results.

Some of our modern theologians who want to give God lessons about the best way to save the world tell us they do not want any blood in their redemption. They want to take this horse by the bit and hurl him back on the ground. They have told this rider from Bozrah to go around some other way. Look out, lest ye fall under the flying hoofs of this conqueror: lest ye go down under the sword of this conqueror from Bozrah! What meant the blood of the pigeons in the old dispensation, the blood of the bullock, the blood of the heifer, the blood of the lamb? It meant to prophesy the cleansing blood, the pardoning blood, the healing blood of this conqueror who comes up from Bozrah, "traveling in the greatness of his strength."

I catch a handful of the red torrent that rushes out from the heart of the Lord, and I throw it over this audience, hoping that one drop of its cleansing power may come upon your soul. O Jesus, in that crimson tide wash our souls! We accept thy sacrifice. Conqueror of Bozrah, have mercy upon us! We throw our garments in the way! We fall into line! Ride on, Jesus, ride on! "Traveling, traveling in the greatness of his strength."

But after awhile the returning conqueror will reach the gate, and the armies of the heavens will be with him. I hope you will be there and I will be there. As we go through the gate and around about the throne for the review, "a great multitude that no man can number"—all heaven can tell without asking right away which one is Jesus, none of us know and tell this of his face, but because, while all the other inhabitants in glory are robed in white—saints in white, cherubim in white, seraphim in white—his robes shall be scarlet, even the dyed garments of Bozrah. I catch a glimpse of the triumphant joy, but the gate opens and shuts so quickly I can hear only half a sentence, and it is this: "Unto him who hath washed us in his blood!"

Still Undecided. "We couldn't think of anything else to do at the club the other night, so we took a secret ballot to decide who was the smartest man in the crowd, who was the laziest and who was the stingiest. Brown was voted the stingiest and Jones the laziest." "Who was the smartest?" "That wasn't decided. Every man voted for himself."—Indianapolis Journal.

A STARTLING FACT. Sixteen Per Cent. of Life Insurance Applicants Rejected on Account of Diseased Kidneys. Dr. Lambert the general medical director of the Equitable Life Insurance Company, New York, said: "We reject sixteen per cent. of the applications made to us for insurance, and I have saved the entire expense of this medical department, by the rejection of those applicants who had diseased kidneys and who died within two years after I rejected them." This appalling statement should have the attention of our citizens. There is no reason to-day, why people should allow kidney disease to get such a hold on them. Nature sends her warning of the slight pain in the back, poor circulation of the blood, sediment in the urine. When any of these symptoms appear, Dr. David Kennedy's Favorite Remedy should be taken in small doses at once, and thus drive the poison out of the blood and restores the kidneys to healthy action. To our knowledge this is the only medicine that surely cures this almost universal complaint. We note the recovery of Mr. Oscar Lambert of Jersey, N.J., who has been talked of in the papers the world over. Quoting from his letter to the Press, Mr. Lambert says: "I neglected the first symptoms until I found myself in bed with a complicated disease of the kidneys. No mortal ever suffered more and I died. My physicians failed to help me, then used Dr. David Kennedy's Favorite Remedy. It relieved my kidneys almost immediately, and in a few weeks I was clear of all pain, and entirely cured." Mrs. A. J. F. Manchester, of Providence, R.I., writes: "I began using Dr. Kennedy's Favorite Remedy for kidney disease, when Doctors failed to relieve me. It drove a bad humor out of my blood, and cured my kidney troubles."

Castoria. "Castoria is an excellent medicine for children. I recommend it as superior to any prescription known to me." H. A. ANCKER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it." UNITED HOSPITAL AND DISPENSARY, ALLEN C. SMITH, Phys., Boston, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interests of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."
